## ACKNOWLEDGEMENT

الْحَمْدُ لِلَّهِ رَبِّ الْعَالَمِينَ

Thanks to Allah SWT, who has given me an opportunity to complete my undergraduate in Universitas Muhammadiyah of Yogyakarta. This thesis will not be completed without the support of many parties. Therefore, with all humility the writer would like to thank very much for many parties. And these are my great thanks to:

- To my beloved parent, who always give me any kind of support and always checking on me all the time in this process and be encouraging me to finish my thesis on time. Thank you for the trust that has been given to me which makes me more confident to keep fighting. I promise, I will give you all the best. I love you Mom and Dad.
- To my advisor Drs. Djumadi M.Anwar, M.Si who always give me easiness. Easy to find, ease in technical guidance, ease in assisting the examination, so that this thesis can be completed on time. Thank you so much sir. Your hospitality make me comfort when the consultation process.
- To my first examiner, Mr. Sugeng Riyanto, S.IP., M.Si. Thank you for correcting every word in my thesis. Thank you for smart input. You made me feel very nervous at the time of examination.
- To my second examiner, Sidiq Ahmadi S.IP, Thank you for your wise, your input, and you are very kind when I need you to meet.
- To beloved my sisters, Febri Hafsari, thank for your support. Thank you for being my benchmark for achievement better than you and you always support me. Thank you sister, I love you.
- To my beloved Friend, Lurianda Laras Widarini, you are the best I ever had, thank for all kind of support, understanding, solidarity, and always in my side when I need your help. Thank you to my friend. I love you.
- To my dearest, Fajar Restu Hadi, thank you for your support and force me to finish my thesis as soon as possible, who always remind me all the time and control my progression in thesis process. Thanks dear, you always teach me kindness. I love you.

- To my friend Toni Rochman, You always remind me and supported me when I'm lazy, always concern to me, always help me when I need you. Thank you for being my professional partner.
- To my beloved family in university, Sunshine Voice UMY (SSV), I'm so proud to be a part of you. Thank for giving its own color for the days of my education for approximately three and a half years. Thank for the experiences, thanks for give me atmosphere of intimacy and kinship, thank for being my family, a place where I can eliminate saturation academic. I'm gonna miss you guys, this atmosphere, singing along happily. I love you so much Shunshine.
- To my compatriot, International class (IC) of International relation department 2007, for all you guys for friends who have completed their study period, congratulations friends, and success for you all. And for you guys who have not completed their study period, keep tried and spirit.
- To all of you... THIS THESIS IS 100% FOR YOU

## ABSTRACT

*This thesis try to elaborate the involvement of U.S policy issued economic sanction against North Korea Related to Cheonan Incident. But, this policy believed as a U.S strategy to bring back North Korea into table meeting related to North Korea Nuclear weapon, Six-Party Talk. Six party talks have taken place in the era of President Bush's governance, but can be assessed that the talks have not achieved success because North Korea continues to develop its nuclear program. same as during the reign of Obama, a six-party talks also assessed Blum talk keberhasila achieve this the mark with On May 25, 2009, North Korea conduct a nuclear test again, which is believed to be the cause of magnitude 4.7 seismic event. Six-Party Talks stalled in April 2009, North Korea withdrew from the talks after the UN imposed sanctions due to test nuclear weapons and long-range missile that carried out by Pyongyang. Cheonan incident Could Be the only excuse for the U.S. to re-ensnare North Korea to return to the negotiating table to Achieve the closure of Their nuclear stations. Incidents Cheonan assessed strange and odd to Some circles as a possible North Korean military capacity to blow up and sink ships made in South Korea advanced.*

*Key words:* Incident Cheonan, U.S. policy, North Korea, Nuclear weapon
