ACKNOWLEDGEMENT

There are many things that I could possibly express towards this strange situation since I have been through many fears and doubts for the sake of this *skripsi*. I put my best effort in any possible way to accomplish things that I have started long ago. In this moment I would like to convey my deepest gratitude and apology towards family, teacher, friends, lover, and my dearest *skripsi* advisor.

My deepest gratitude goes to Allah the Almighty for all the blessing and mercy. I have been gifted health, tremendous power, and sanity to proceed ideas and thoughts. Then by His blessing, I finally could finish writing this *skripsi*.

My great sincere goes to my *skripsi* advisor Sri Rejeki Murtiningsih, Ph.D. for being so resilient. Who would have thought that I spent years to accomplish this *skripsi*, lively and properly started things from the very beginning end up being gone nowhere to be found. Words cannot describe how fortunate I am to have such a big figure to guide me in the very possible way she can. Thus, I would like say to my deepest apology for the way I behaved in the past few years during the process of accomplishing this *skripsi*.

Therefore I would like to express my gratitude that belongs to the first examiner and second examiner of my *skripsi*. Without feedback and guidance that I received there is no way for me to accomplish this *skripsi* properly. My grateful also belongs to the **Language Education Faculty of Universitas Muhammadiyah Yogyakarta** family, especially for **English Education Department**, for all the lectures and staffs who had worked night and day to help me.

Gratitude and huge thanks for the **EED of UMY's students of batch 2013** especially **class B, E, D members** for the friendship during our 8 semester. The last 8 semester in 4 years I

spent was absolute priceless and joy, although we came here across the differences of cultures, cities, and provinces.

My dearest boys and girls that have been producing strong bonds between us, **Hery, OKA, Caca, Widia, Vinda, Ricco, Faiz, Anggit, Angger, Taqwa, Irfan, Chandra, Bahrudin, Aldi, Triadi, Faisal, Agus, Sigit, and Annisa.** No words can explain how important figures they are for my life. Your dreams, ambitions, and passions have entirely lived and inspired me to push myself forward towards meaningful purposes. It was absolute joy, I do hope that this is going to be long lasting friendship although time and distance before our eyes.

My gratitude towards my parents **Feri Sonefil** and **Riyatun**, there were times when uncertainty was the best answer I could give. I could have prepared better excuses or be honest about the situation that I am in but I chose to leave things as they were before. My deepest apology in that irresponsible behavior as I could not control myself, I was back then as solid as brick, but today I am trying to put my best effort to accomplish to give you better answer.

To my greatest gift of all **Vina**, thank you for being who you are and always be there when I need you the most. I reached the end when almost 3 years of your effort convincing me to finish this *skripsi* finally paid off. I could not think any better idea to express my gratitude towards you. Your unending kindness and love have brought me to this point where I stand right now.
