Preface

Praise be to Allah SWT, we thank Allah Praised be The Lord. There is much mistery and destiny of You. Absolutely for me, myself. I felt it many times.

Talking about globalization is always interesting, moreever must of the rhetoric about the world economy has focused on the issue of globalization. The argument usually goes as follows. One of the central features of economic globalization has been the rapid expansion of world trade. Then, almost half of world trade growth is due to the increased integration of the European economies. The EU's decisions to complete the single market and move towards a common currency have created a single set of rules governing economic activity in Europe.

Actually, i couldn't did this research without helped and guided from people who care to me. Mr. Harwanto Dahlan, thank you for our discusses. I respect to you, you are not only took the position as a lecturer, but also been a partner. Its hard to find a lecturer like you. You used to reply all my messages to you, even you called me. I'm proud to be your student.

Mr. Husni Amriyanto and Mr Sugito as my appraisers, your question made me know Europe more than before. Thank you for your time.

My Father, My Mother, My Brother and My Family. I do love you.

* * *

Actually, I don't know more about Europe. Even I never learn this subject. But day by day, I read much. There's no pain no gain.

Finally, I have finished it. Readers, trust me, you cant do everything you wanna do without this. This is a part of that. See ! Definitely, I never did it without you guys, thanks for all.
