ABSTRACT

The aim of this study is to understand the efforts of Japanese government to cope with the trade war between the US and China. The trade war between the US and China has affected the world economy including Japan. Japan's economy and several countries get slow during trade war. The trade war become dilemma for Japan since US is Japan's old partner, while China is potential economic partner for Japan. In this study, the author try to describing the strategy of Japan's government to cope with trade war using qualitative methods and library research. This study also try to find out the threat and opportunities from US-China trade war and explain the Japan's effort toward US-China trade war by strengthen the bilateral relation with both the US and China, other states, multilateral relation, and the Shinzo Abe policy.

Keywords : US-China Trade War, Trade War Impact, Japan's Strategy.
