

ABSTRAK

This paper describes about the role of Myanmar's government against drug issues to support achievement Drug-Free ASEAN 2015 programme. Myanmar is the biggest producer of drugs in Southeast Asia, therefore this country has an important role to support achievement of the programme. The results of this paper shows several programmes have been adopted by Myanmar's government such as domestic policies that include 15 Years Drug Control Plan Programme, Law enforcement, and the Role of Anti-drug Agency (Central Committee of Drug Abuse Control), Foreign Policy that include International Cooperation to against drug abuse and trade, and the last working group with neighbour countries.s
