## PREFACE

Praise to Allah SWT and greeting to Rasulullah S.A.W and his family, I am so grateful that I can finally finish my undergraduate thesis. First of all, I thank to my supervisor, Dr.ZulyQodir, that patiently giving advice for the improvement of my thesis. Next, for examiners of my thesis, Mr. Eko Priyo Purnomo and Miz Dyah Mutiarin, thanks for your valuable correction and suggestion that you gave in examination. Furthermore, for the King of Negeri Kataloka, head of Gorom Island Municipal, the Clerk of Negeri Kataloka, and for all the informant, a ton of thank you for your help for giving me data. This thesis with “Modern Society Perception Towards Custom Governmental System in Negeri Kataloka” title will never be finish without your advices and suggestions, and help.

However, as researcher, I realize that this thesis still has many weaknesses since the complexity of the research object requires a longer field research and more budgets, but I hope it can contribute to local political studies literature, especially for my department. Last but not least, thanks for all lectures in UMY governmental studies department because without lessons you taught me in my 4,5 years study here, I will never be able to finish this tough research.
