TRIBUTE

Would never imagine what, where, and how I am doing at the time, back then. Some unrealized plans, some unexpected plots. Still constantly fighting with self-made fear, still learning to love and forgiving self, still hesitating much, and having things in minds. But little by little I manage to “*ikhlas*”, concern less about numbers, other thoughts, unchangeable past, or the anxiety of unknown future. Praise be to Allah...

This is the appreciation and dedication for irreplaceable people in my life. Let me say something...

To my beloved Mama and Bapak, to have you as my parents is the best thing I could ever had, I am very grateful. Thanks for taking care of me until now. Thanks for always believe in me more than myself. Thanks for keep supporting me even in your predicament. I surely cannot thank you enough for all that you have done for me. All the best wishes for you Ma, Pak.

To my dear brother and sister who are nine and twenty years younger than me, it is such a blessing to have you in my life. Thank you for being born as my sibling. I hope I can take good care of you.

To my whole family, thank you for the unspoken support and affection. Especially Bude, thank you for taking care of me since I'm in senior high school.

To my Kopassus IPAcc Team, my FULL HOUSE mates, Kak Ay, Sesika, Amatullah and all of my dearest friends that I can't mention one by one here – Thanks for accompanying and support me for all these years. Thank you for remind me the cheers and rejoice of finishing an education. For encouraging me to not give up and take another chance to start again.

A lot of gratitude
