Acknowledgement

Alhamdulillah, all praise belongs to Allah who has given the deepest blessings to the researcher. Thus, the researcher can complete this research. Gratitude is endless for the blessings it has given. The solawat of the Prophet Muhammad did not stop to accompany it. Thus, the researcher feels the pleasure of the light of science to date.

I am very grateful for having completed this research. I would like to say thanks to my supervisor, Ms. Eko who always guides me in this research and who always supports me to finish this undergraduate study as soon as possible. I also do not forget to express my gratitude to my examiners, namely to Ms. Jeki and Mr. Puthut for the direction to improve this research. I would like to thank all the participants of this study who contributed to my research to complete this undergraduate study.

Moreover, I would like to say a special thank you to my parents who never get tired of praying for me to always make the path to my dreams easier. I also thank my sister who always supports me, to my younger sister who prays for my ease, to my younger brother who helps me reflect on myself during this research, and to all my friends who I cannot mention one by one. They are the ones who have supported me

to keep my spirit in completing this undergraduate study. Likewise, I do not forget to say thank you to myself for always being strong and surviving until this place and further in achieving my dreams.
