All praises belong to Allah SWT who has given blessing, mercy and convenience to the writer, so this research can be completed by the researcher smoothly and successfully. This research entitled “The Influence of Students’ Seating Positions in the Classroom Towards Students’ Engagement in Teaching and Learning Process at a Public High School in Yogyakarta” is an undergraduate thesis to complete the study in Strata-One English Education Department of Universitas Muhammadiyah Yogyakarta. Hereby, as the research is accomplished, the researcher would like to express her appreciative gratitude to:

1. Allah SWT who always helping the researcher passing all the challenges and hurdles in this research.
2. The dearly loved my parents and my sister Risti Irianti Siahaan, who always remind me and motivate me to finish this research.
3. The awesome and fabulous supervisor, Mr. Gendroyono, S.Pd., M.Pd. who is the best supervisor for me, always helping and guiding me patiently to finish this study from the early stage of this research.
4. The researcher greatest appreciation also goes to Ms. Ika Wahyuni Lestari, S.Pd., M.Hum and Ms. Mariska Intan Sari, S.S., M.A. as the examiners in this research who are also gave the researcher guidance, advice and contribution in improving the result of this undergraduate thesis.

5. All ELED of UMY lecturers who have given knowledge, experience, patience, skill, and persistence to the researcher which makes the learning process meaningful and useful.
6. The institution and respondents of this research who conveniently gave permission to the researcher and helping the researcher to carry out this research.
7. All my beloved friends Agung, Andre, Jihan, Yana, Annisa, sir Yusuf, Melly and others who cannot mentioned here.

Hopefully all the supports, helps, contributions and motivations that has been given can be repaid by Allah SWT. The researcher realizes that this research has many drawbacks and this research is still far from excellence. Therefore, the researcher expects critiques and suggestions to improve the quality of this research in the future. In the end, the researcher also expects that this research gives benefits for everyone.
