

**CITIZENS' ADOPTION OF AN E-HEALTH SYSTEM DURING THE
PANDEMIC**

A MASTER'S THESIS

Presented to
the Graduate Faculty of
Master of Public Administration
Mindanao State University
Iligan Institute of Technology
Iligan City

In Partial Fulfillment
of the Requirements for the Degree
MASTER OF PUBLIC ADMINISTRATION

FAYE LORRAINE PLUMA MINA

January 2022

DEDICATION

This master's thesis is dedicated to:

To the Creator:

Thank You, Father God, for putting everything in place.
I am continuing with the hope and eagerness to see
more of the wondrous things You have prepared in my paths.
May they be moments of bliss or moments of trial,
You are with me; My heart fully believes that everything will fall into place.
I praise You with all of my being
For with You, nothing is impossible.

To my parents:

Thank you for dreaming for me and with me.
Your steadfast support and love pushed your daughter to be strong
throughout this journey.
I merrily dedicate this paper to foremost to you, hoping that it will add to
your joy
as it will always be part of mine.
I dedicate this milestone to both of you.

To the Graduate Faculty of Master of Public Administration.

Thank you for the knowledge you bestowed on us. All your expertise
has been beneficial in the pursuit of this degree. This has been
our training ground.

Finally,

To my mentors and companions,

And every one that was an invaluable addition in this journey:
Who may have offered a shoulder to cry on, or a hand for steadiness,
or words of experience for foresight, and at times all of these;
Who exchanged with me valuable insights, moments of despair, genuine
selves, time, jokes, and laughter.
Our time together will be fondly remembered, from time to time.

ACKNOWLEDGEMENTS

I'd like to express my heartfelt gratitude and appreciation to the following individuals who have made significant contributions to the success of this valuable piece of work.

More than anything else, I am thankful to my Almighty Father, who has been a constant source of strength and provision. I am grateful to the Lord for his grace, which has enabled me to overcome all of the obstacles that this work has posed.

To my loving parents, I'd want to express my heartfelt gratitude for your unwavering support in completing this thesis in the face of insurmountable odds. This is for you, Ma and Pa; your efforts were not in vain. My beloved sisters, thank you for always cheering me up and making me feel like you had my back. Those wise words have encouraged me to continue pushing forward and striving for the best.

To my thesis adviser, Dr. Enrique Batara, I would like to express my utmost appreciation for your guidance and constant supervision, patience, and enthusiasm throughout the course duration of the thesis journey. Your vast knowledge and prompt suggestions, combined with your kindness and dynamism, enabled me to complete my thesis.

To my esteemed panelists Prof. Dr. Achmad Nurmandi, Dr. Eucil Hussien, and Dr. Rabby Lavilles, thank you for sharing your knowledge and insightful recommendations to improve my paper. I consider it an honor to be taught by outstanding professors like you!

To my constant, Patrick Asthor Yecyec, I am grateful for the company you provided from data collection to manuscript bookbinding. Your steadfast support, love, and encouragement have been priceless throughout my years of study and the process of researching and writing this thesis.

Thank you to all of my respondents who took the time to fill out my questionnaire which contributed significantly to this paper.

To the Political Science Department, Graduate Faculty of Master of Public Administration, my dear classmates, and friends who urged me on towards success thank you for the unending support.

Finally, I would like to extend my warmest thanks to everyone who encouraged me and prayed for me so that I will be victorious along the way. This manuscript is dearly devoted to all of you!
