DECLARATION PAGE

Here I am

Name : Nadhilah Ardina Husna Daulay

Student Number : 20180430159

Department : International Program of Islamic Economics and Finance (IPIEF)

Faculty : Economics and Business

Research Title : ANALYSIS OF GROSS REGIONAL DOMESTIC PRODUCT (GRDP)
DETERMINANTS IN SEMARANG RESIDENCY OF CENTRAL
JAVA PROVINCE

Declaring that this undergraduate thesis is my original work. I never submit this thesis to gain the bachelor degree in any universities and any publications. I had followed the scientific rules and cited all sources in this thesis. Therefore, this thesis is free from plagiarism. If someday there are certain parties complain and protest to this thesis, I will be responsible and overcome all consequences.

Bantul, 18 April 2022

Nadhilah Ardina Husna Daulay

TRIBUTE

This Undergraduate Thesis I dedicated to myself,

mama, ayah, and both of my brothers.

Thank you for always being there for me in my all ups and downs of life

ACKNOWLEDGEMENT

Bismillahirrahmaanirrahim

First of all, the author wants to express her thanks to the presence of Allah SWT for his grace and guidance, so that the author can complete this thesis entitled **“Analysis of Gross Regional Domestic Product (GRDP) Determinants in Semarang Residency of Central Java Province”**. Hopefully prayers and greetings go to the Prophet Muhammad and his family and friends who have become the way for His people to pursue salvation and happiness with correct knowledge. The completion of this thesis was also proposed as one of the requirements for obtaining a Bachelor of Economics degree at the Faculty of Economics and Business, Universitas Muhammadiyah Yogyakarta.

The researcher would like to express gratitude to both of my parents, *Ali Tohar Daulay* and *Ratna Sari Nasution*, who have always delivered prayers and encouragement to me. Sincere prayers are continuously with me as I continue pursuing my dreams. They are the best for me, and this gratitude cannot be put into words. I am really grateful to both of my brothers, *Yasir Pautan Daulay* and *Fadli Nahar Daulay*, who always accompany and provide researcher with advice in carrying out this thesis.

Because of the researcher’s limited knowledge and understanding, the researcher knows that this thesis research is still far from ideal. The author is willing

to obtain recommendations and constructive criticism in order to improve this thesis. As a result, this thesis is beneficial to anyone requires it. Since the author is aware of the reality that what has been written is far from satisfactory.

In this opportunity, the writer would like to express his deepest gratitude to all parties who have provided assistance in the process of researching this thesis, both morally and materially, namely to:

1. Dr. Lilies Setiartiti, S.E., M.Si as author's thesis supervisor who has provided suggestions and criticisms in the improvement of this thesis and Mrs. Sri Ani Puji Setiawati, S.S,M.A as the thesis supervisor of writers who was full of patience in guiding and providing input during the process of preparing this thesis.
2. Dr. Dimas Bagus Wiranatakusuma,SE., M.Ec as Director of International Program of Islamic Economics and Finance who always provide help and advice during the lecture period.
3. Dinda Namira Hsb, Thank you for being a partner who wants to hear all concern and problems as well as providing advice and feedback in terms of campus and other things.
4. All staff and lecturers in Economics, thank you for educating me to be a helpful human being for my family and nation.
5. Colleagues who fought with me, Baiq and Raisa who always accompanies me in any circumstances both in carrying out life and carrying out lectures. And

keep in mind that we study for four years, and regardless of the circumstances, we remain lifelong friends, and our strength comes from our solidarity.

6. Colleagues in high school, Dina, Maytiara, Allysa, Nabilah, Yuni, and Ica as well as friends of SMAN 1 MEDAN, thank you for remaining reliable even though distance and time really prevent us from gathering together.
7. All fellow of IPIEF 2018 classmates, thank you very much for these 4 years of experience, I hope we can all be successful out there. *See you on top guys.*
8. To all IPIEF lecturers and staff who always provide extraordinary provisions, lessons and all parties who have provided support so that this thesis can be completed.
9. My beloved Alma mater of Universitas Muhammadiyah Yogyakarta where I can complete my studies, meet incredible people and gain a lot of new knowledge and experiences.

Finally, the author wishes to express her gratitude and appreciation to everyone who assisted in the writing of this thesis. The author recognizes that she must continue to learn in order to improve her writing. Hopefully, this thesis will be a useful contribution to the research world and to anyone who wishes to use it as a reference.
