Assalamu'alaikum warahmatullahi wa barakatuhu

All praise belongs to Allah, Lord of the worlds. There is no power and effort except with the power of Allah, the most high, the most glorious. Indeed, with hardship there is ease (Qs. Insyirah 5-6). Praise the researchers to the presence of Allah subhanahu wa ta'ala for mercy, compassion, opportunity, health, relief so that this *skripsi* can be completed.

In preparing this *skripsi*, many parties have provided motivation, advice, and support to me. In this very valuable opportunity, I intend to express my gratitude and appreciation to all of them. First, the highest appreciation goes to my beloved parents, to *Mrs. Neni* for her love, prayers, and endless support, and to *Mr. Budi Arnifa* who always picks up and calls every week to remind me to keep going and never give up. Your opinion never ceases to surprise me and also allows me to look at my problem from a different angle. I would also like to express my appreciation to my handsome brother *Bagus Akmal Zakki* who has encouraged me to complete this paper.

The highest appreciation is also conveyed to *Ms. Arifah Mardiningrum M.A* as the supervising lecturer for her advice, guidance and contribution which is very important in improving the results of this *skripsi*. I am so grateful to have you who always support me. You are always a good listener for every problem I face, especially when at my lowest point to get back up also when I have to revise

this skripsi and start over again and again. I also expressed my appreciation and gratitude to *Mr. Endro Dwi Hatmanto, Ph. D* and *Mr. Jati Suryanto, M. Pd* as *skripsi* examiner lecturers who have taken the time to give directions in testing the *skripsi*.

I would like to thank all my friends for the jokes, joys and sorrows that we went through together in *English Language Education, Ikatan Mahasiswa Muhammadiyah*, and *Saudara Sebatik Program 7* who cannot be mentioned one by one here. This skripsi is still far from being perfect, but it is hoped that it will be useful not only for researchers, but also for readers. For this reason, constructive suggestions and criticisms are highly expected.

Wassalamu'alaikum warahmatullahi wa barakatuhu
