DEDICATION PAGE

Alhamdulillahirabbilalamin, with gratitude to Allah SWT, the most merciful, who has given the spirit, favor, and opportunity to complete my thesis well.

This undergraduate thesis is dedicated to:

1. Mama, Papa, and Alisha who always provide full support, prayer, encouragement, and motivation. Thank you for giving the spirit and the best for me.
2. Uti, Akung, and all my family who always support me, give their prayers, and always accompany me when it is difficult to complete this research. Thank you for always listening to my complaints and always supporting me.
3. Mrs. Dyah Ekaari Sekar Jatiningih, thank you for the kindness, guidance, advice, and opportunities that have been given to me in completing my final assignment.
4. My best friends in college, Adini, Keke, and Salma, thank you for accompanying me to complete this final assignment, supporting me when it was difficult, and encouraging me to do it faster and better. I cannot imagine how I could keep up the enthusiasm and struggle during this chaotic college life without your support, help, and advice.
5. KKN 234 (Chintya, Najwa, Feni, and others) thank you for a pleasantly memorable experience. Thanks for the fun time we had.
6. IPAcc family batch 2019, thank you for always providing support for each other. Thank you for the time and togetherness that we have been through.

PREFACE

Assalamu'alaikum Wr. Wb.

Praise be to the presence of Allah SWT for the mercy, guidance, grace, and convenience given so that the writer is able to complete this research with the title "The Influence of Work Stress and Emotional Intelligence on Auditor Judgment and Decision Making (JDM) Quality (A Study on a Public Accountant) Firm in Special Region of Yogyakarta and Central Java)". This thesis was written to meet the requirements for obtaining a bachelor's degree at the Faculty of Economics and Business, Muhammadiyah University of Yogyakarta. The author chose this topic with the hope that every auditor in a public accounting firm will be vigilant in taking judgment and decision-making because it can be influenced by the characteristics and habits of different individuals, so that auditor judgment and decision-making (JDM) quality can be produced properly and in accordance with the provisions applicable.

The process of completing this thesis is inseparable from the guidance, assistance, and support of various parties. Therefore, the author would like to express his deepest gratitude to:

1. Allah SWT is the Lord of the universe who has provided convenience and smoothness for me in completing my thesis according to the specified target.
2. Dr. Ir. Gunawan Budiyanto, M.P., as the Rector of Universitas Muhammadiyah Yogyakarta.
3. Dr, Rizal Yaya, S.E., M.Sc., Ak., CA, as the dean of Faculty of Economics and Business Universitas Muhammadiyah Yogyakarta.
4. Dr. Dyah Ekaari Sekar Jatiningsih, S.E., M.Sc., QIA., Ak, CA, as the head of the accounting study program Faculty of Economics and Business University Muhammadiyah Yogyakarta and as a supervisor who has patiently provided guidance, advice, and full support the author to complete this undergraduate thesis.

5. All of the Accounting Lecturers in the Faculty of Economics and Business in Universitas Muhammadiyah Yogyakarta who have provided knowledge that is very useful for the researcher during the learning process
6. Mrs. Daisy Rizki Putri, S.S., M.Hum, as Language Training Center supervisor who always provided guidance, advice, and full support to the author to complete this undergraduate thesis.
7. Public Accountant Firms in Semarang, Surakarta, and the Special Region of Yogyakarta who have been willing to become respondents in this study
8. Parents, family, and friends who always give prayer, motivation, and guidance to the researcher to complete the study.
9. All parties who have provided support, assistance, help, and encouragement in the process of this undergraduate thesis cannot be mentioned one by one.

May Allah SWT reward us all for the process of writing this thesis. The researcher realizes that this thesis is far from perfect and there are still many shortcomings due to the limitations of the author's abilities. Therefore, the researcher expects constructive criticism and suggestions for further research development related to this topic. In conclusion, hopefully, this undergraduate thesis will be useful for readers.
