Acknowledgement

All praise is due to Allah, the Lord of the Worlds. All praise belongs to Allah SWT. The Almighty who has bestowed mercy, patience, and grace so that I can finish this thesis. Shalawat and prayers do not forget to be addressed to the Prophet Muhammad SAW and his family and friends. May Allah bless them and grant them peace.

I want to express my special thanks and appreciation to my best support system that has dedicated everything to me. They are my beloved parents (Mujiono & Siti Khoiriah) who are my biggest motivation to complete my studies. May Allah always give health and long life to both of you. I also want to thank my brother and sister-in-law (Ikbal & Hajidah) for helping, supporting and guiding me in working on this thesis. Then, I also want to thank my twin (Nana) who always supports me at every opportunity and who always makes me smile in every difficulty I have. May Allah ease all your affairs in your education and your future.

I also thank my beloved friends and support system. To Indah, Keken, Desi, Elysa, and Tika, thank you for the togetherness and struggle so far. Thank you for occupying my time while I was abroad to complete my studies. You are my family may Allah always give health to all of you and ease all your affairs. Thank you for the support, laughter, sadness, emotion and randomness that always make my college life colorful.

With all my heart I thank UMY, especially ELED UMY, for giving me the best education and experience that I have never had. Also, thanks to Miss Arifah

Mardininrum, S. Pd., M. A., as the supervisor for helping and directing me through the preparation of this thesis. Also, thanks to Miss Jackie, Miss Evi, all the lecturers, and the UMY ELED extended family who have contributed to my campus life.

Last but not least, I want to thank myself. Nina Tri Ayuningsih, thank you for being patient and working hard all this time. Thank you for successfully fighting laziness in yourself. Thank you for contributing to complete this thesis well. Thanks for sticking around to the end.

I can only say thank you and sorry. All my goodness comes from Allah *subhanahu wata'ala*, and all my bad comes from me, so once again I apologize for my mistakes. I cannot write this confession well so I hope my gratitude to all those I mentioned and those I can't mention can be conveyed properly.
