Acknowledgement

All praises belong to Allah SWT who has given His blessing, mercy and convenience to the researcher, so this research can be accomplished by the researcher successfully. This research entitled “The Correlation between the English Language Education Department Students’ Attitude towards Note-Taking Activity and their Academic Achievement” is an undergraduate thesis to complete the study in Strata-One English Language Education Department of Universitas Muhammadiyah Yogyakarta. Hereby, as the research is accomplished, the researcher would like to express her appreciative gratitude to:

1. Allah SWT who always helping the researcher passing all the challenges and hurdles in this research.
2. My sweet home; my parents “*Pak Po and Mamak*” who always love me as well as support and motivate me to finish this research.
3. The awesome, fabulous and beautiful supervisor, Ms. Evi Puspitasari, S.Pd., M.Hum., as my supervisor also Ms. Ika Wahyuni Lestari S.Pd., M.Hum., as my past supervisor before she went to study, always helping and guiding me to finish this study from the early stage of this research.
4. The researcher greatest appreciation and thanks also goes to Andi Wirantaka, S.Pd., M.Hum., and Mariska Intan Sari, S.S., M.A., as the examiners in this research who are also gave the researcher guidance, advice and contribution in improving this undergraduate thesis.

5. All ELED of UMY lecturers who have given knowledge, experience, patience, skill, and persistence to the researcher which makes the learning process meaningful and useful.
6. All friends from ELED UMY, thanks for having me as friend. I can enjoy my study with you all.
7. Special thanks to Mbak Aida, Mas Didit and Alm. Mas Agin, thanks for always helping me and answer all my question and thanks for being my new brother and sister.

The researcher hope, all the supports, helps, contributions and motivations that has been given can be repaid by Allah SWT. The researcher realizes that this research has many drawbacks and this research is still far from excellence.

Therefore, the researcher expects critiques and suggestions to improve the quality of this research in the future. Finally, the researcher also expects that this research gives benefits for everyone.
