## ACKNOWLEDGEMENT

The utmost gratitude is offered to Allah 'Azza wa Jalla because only with Allah's permission I was finally able to complete this thesis entitled: "Diskursus Kebijakan Luar Negeri Cina dalam Pidato Xi Jinping Pada Forum Nasional dan Internasional (Chinese Foreign Policy Discourse in Xi Jinping's Speech at National and International Forums)." according to the deadline given to me.

This thesis is dedicated to my beloved parents, Mrs. Prof. Dr. Herlina Jusuf, M.Kes, and Bpk. H. Agust Gani, S.E. has taught me about this world and the afterlife. Without both, I could not pursue my Master's degree. It will never be possible for me to repay the encouragement, support, and love I received from my parents. Also, I would like to thank my siblings, Alm. Dion Teguh Pratomo S.H., M.H., and Amanda Adityaningrum, S.Si., M.Si., for being role models and encouraging me to continue my studies despite being vacated for five years.

My utmost appreciation goes to Mr. Dr. Surwandono, M.Si, my supervisor, who always gives me input and directs me in improving the analysis of this thesis. Thank you for your advice, the response that I have learned well, and the ease of thesis guidance, considering that at that time, I was in Gorontalo because I was resting after giving birth. Not forgetting Ibu Inung and the esteemed team, Arka and Nisa, HIPM staff, and all HIPM lecturers: I would like to thank you for your quick response, suggestions, and assistance completing this Master's program.

In addition, I want to express my love and gratitude to my mother, Gusti Kamila Sari, who came with me to Jogja, made me breakfast, helped me in my daily activities, and ensured my child was in safe hands. During my stay in Yogyakarta, I had a few friends that accompanied me and a handful of classmates I could count on: Sarirah, Mba Maya, Mba Wike, Ulfa, Fani, Rifqi, and Mas Talab. Hopefully, they can follow soon. Thank you for your support and enthusiasm. The HIPM members, I am sorry I did not mention each of you individually.

Last and foremost, I dedicate this thesis to my beloved husband Andi Arya Pradipta Gursal, S.T., and my dearest daughter, Andi Ameera Avicenna. Thank you for being patient and fighting with Mom. Thank you for staying strong. You have been the motivation to complete this education. Going to college while pregnant, then giving birth, and caring for newborns is difficult. This thesis is a testament to my sweat, patience, and struggle to achieve higher education and provide valuable knowledge for my family and others.

May we always be given the knowledge that is blessed and valuable for the wider community.

Aamiin Yaa Rabbal Alamin.
