Personal Dedication

I would like to express my deepest thanks and appreciation for all of my family, my parents, sisters and brother who have given me their support and understanding during my final research studies.

1). Firstly, I would like to express my special and deepest thanks to my beloved parents, Firdaus and Farida, who have given me all their love, patience, and understanding during my academic pursuits. This undergraduate thesis is my small gift to them as a special thanks from me. They will always become my biggest support system in my life.

2). Secondly, I would like to express my thanks to my caring sisters and brother, Cici Marlina Firdaus, Hijrah Fitria, Selvi Puspita, Sintia Ifmelda, Bunga Okpriska, Firda Purnama Sari, and Muhammad Salma Al-farisi who have given me their support during the course of my final research studies.

3). Thirdly, my thanks also go to my aunty Hainimar, my grandmother, Kartini and All of my cutest nephews, Al-khalifi Arkhan Xaquile, Gladis Ruby Rhani, Shaikah Maryam Nadira, and Afkar. I hope that my nephews can see and learn many things from their aunty and uncle, may they take many inspirations and also can motivate them to be a great person in the future.

FOREWORD

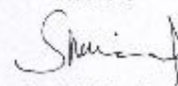

First, let's say thanks to Allah who has been mercies and blessing, so the writer can do the research. This research is written to fulfill the last project from Universitas Muhammadiyah Yogyakarta. The research has been written by the researcher as a contribution for university and it is the best participation as a student of Universitas Muhammadiyah Yogyakarta. Additionally, there are some problems in this research, but the researcher can finish the research in this period. Furthermore. In this opportunity the researcher wants to say thanks for all of them that has helped the researcher to write this research. Which include are:

1. First, Allah Subhanalla Wa Ta'ala, because his mercies and blessings, the research can fulfill the reseach in this period.
2. Second, my parents that always support me to finish this research, so the researcher can fulfill the research.
