OFFERING PAGE

The author of a thesis paper understands the significance of their work in contributing to the body of knowledge in their field. As such, they are aware that their paper will be reviewed, critiqued, and evaluated by their peers in the academic community. This reality requires the author to present their work in a professional, concise, and well-structured manner that meets the rigorous academic standards of their discipline. To make their work relevant and accessible to the academic community, the author employs various methods of presenting their findings, including data analysis, literature review, case studies, and statistical analyses. Additionally, they use academic languages, such as citations and references, to support their work's credibility and validity. The author's thesis paper is dedicated to the academic community, which includes researchers, scholars, professors, and students in their field. Through this dedication, the author acknowledges the importance of their work in contributing to the advancement of knowledge in their area of expertise.

PREFACE

First and foremost, I would like to express my greatest gratitude to Allah SWT for blessing me and giving me strength so that I can finish writing the thesis entitled "Conceptualizing Sustainable Smart Country: Understanding the Role of Different Sectors in Building its Structure in 2022/2023 Academic Year". In relation to the writing and finishing of this thesis, I would like to express the deepest and sincerest thanks

This thesis may contain some flaws. Therefore, constructive criticism from people who genuinely desire to advance the Concept will be valued.

MOTTO

“The struggle does not follow a Straight Line. It's a Forest, and much like a Forest, it's easy to Lose your way”.

&

“Yesterday is history, tomorrow is a mystery, and today is a gift, that's why they call it present”.
