PREFACE

In the name of Allah, the Most Gracious, the Most Merciful. All praise and thanks be to Allah, the Lord of all worlds. May blessings and peace be upon Prophet Muhammad, the messenger of goodness, a mercy to all creation, his family, and his companions. It is only with the grace of Allah SWT that the author has been able to complete the internship report at the Consulate General of the Republic of Indonesia in Davao City, Philippines, from September 11, 2023, to December 4, 2023. The internship report is written as a final report to replace the final assignment as one of the requirements to complete my studies in order to obtain a bachelor's degree, as a result of my learning process while attending lectures at the International Program of International Relations (IPIREL), Department of International Relations, Faculty of Social and Political Sciences, Universitas Muhammadiyah Yogyakarta.

This report will cover details about the background of the report, the objectives and benefits of the internship, the profile of the partner, history, organizational structure, vision and mission of the internship partner, the internship implementation plan, and a final conclusion which summarizes the contents of the report. With this, the author hopes that this report will provide a clear and convincing understanding of the value and benefits of this internship program. Moreover, the author hopes that this internship report will be useful to the majority of readers. Although the author acknowledges that readers of this report will come from various backgrounds, identities, and affiliations, the author humbly asks for kind understanding if there are any mistakes, shortcomings, or unintentional errors in the content of this report.

In completing this final assignment, the author would like to express his deepest gratitude to the parties who have helped complete this internship report and research. Apart from the encouragement and assistance from various parties, for that the author would like to thank many thanks to:

9. Lastly, I want to thank myself. Thank you for fighting relentlessly and for continuing to move forward until this moment. Even when you don't always feel strong, you are still a light in the darkness and a hero in your own story. Keep going, because the journey ahead is truly extraordinary. Thank you for the courage you always show and the spirit that never dies. Remember, though this story is not only about you, in your life, you are the main character. Never give up, so that this story does not fade away without a trace, you did great Jar!

Once more, the journey to this bachelor's degree has not been easy. Sometimes it felt almost impossible to complete, but along the way, I met so many amazing people who always supported and helped me. It has not been an easy journey, but I am very grateful to have reached this point. I can't stop saying words of gratitude, may the kindness of all of you be rewarded. This journey is not the end of the world. I hope that after Allah has given me the opportunity to carry out this degree, I will not become arrogant, but rather better understand the meaning of life and can reach the better of life. Can not wait to the next journey.
