Acknowledgement

I want to start by giving thanks to Allah SWT for all endless blessings, wisdom and power so that I can complete this thesis. This feat would not have been achieved without Allah SWT grace. I deeply appreciate my parents, who have provided me with much inspiration throughout my academic career with their prayers, love, support, and unwavering encouragement. I dedicate my work to them because they have always been a source of strength for me. Their constant sacrifice and belief in me.

Apart from that, I would also like to express my deepest thanks to Miss Mariska Intan Sari, S.S., M.A. As my thesis supervisor, for all your help, patience and knowledge. Their wise counsel and unwavering encouragement were invaluable in helping shape and complete this research.

I also want to thank my best friend, high school friends, college friends, my sister, and all friends who have given me a lot of support during this process. This journey is much more enjoyable and possible because of their support, empathy, and friendship.

Finally, I would like to thank myself who has been able to continue fighting until this point and to all parties who have helped complete this manuscript, both directly and indirectly. I really appreciate your support and motivation
