DEDICATION PAGE

Bismillahirrahmanirrahim

The author would like to express his praise and gratitude to Allah SWT who has given endless grace and blessings and guidance so that the author can complete the writing of this thesis. Shalawat and greetings are poured out to the Prophet Muhammad SAW, the messenger of Allah who brought light and guidance to all mankind.

This thesis was prepared to fulfill the requirements for obtaining a Bachelor of Government Science degree at Muhammadiyah University of Yogyakarta.

The author dedicates this thesis to:

1. My parents, whom I really love, Mr. Ahmad and Mrs. Anis Susilowati, who have given me affection, love, advice, encouragement, support, and have given prayers so that I can complete this thesis. Thank you for all your sacrifices and hard work to always strive to provide the best education for your children. One thing that you need to know is that I really care and love you both. Please live longer in this world, allow me to serve and repay all the sacrifices you have made so far.
2. To my grandfather, whom I really love and love, who always gives advice to writers, and always prays for and gives encouragement to always achieve what he wants, and always guides writers from childhood to

adulthood. Thank you for loving the author with all your heart, please live longer in the world so that I can repay the sacrifices made.

3. My respected supervisor, Prof. Dr. Dyah Muiarin, S.IP., M.Sc. who has guided, given advice, encouragement, as well as suggestions and input so that the author can complete this thesis.
4. To my friend Sherin Nawang Nauroh Nazhifah who has provided prayers, encouragement, support, motivation, and is always willing to listen to complaints during the writing of this thesis until completion, a place to exchange ideas and share experiences in my life. Thank you for being a good listener, being someone who always reminds that writers do not struggle alone. Hopefully this friendship can continue into old age.
5. To my friend Sari Setya Agustin who has provided support and encouragement, as well as being a good listener. Thank you for being a co-author to be able to complete this thesis.
6. Someone whose name I cannot mention, thank you for accompanying the writer through joy and sorrow, always providing advice and motivation so that the writer can complete this thesis, and being a good listener when the writer is feeling hopeless, and providing full support to the writer. May Allah change it many times over and always have success in the future for both of us.
7. To all parties involved who the author cannot mention one by one, thank you for your prayers and support.

8. For myself, Septi Nurdian Nova, thank you for being strong until now, and able to control yourself from external pressure. Thank you for not giving up on all the difficulties during the lecture period and the process of preparing this thesis, and for being able to continue to stand tall when faced with existing problems. Thank you for me, always be happy wherever you are, Nova. Whatever your strengths and weaknesses, let's always celebrate yourself.
