Undergraduate Thesis Title : "THE IMPACT OF DIVIDEND POLICY ON

FIRM VALUE EVIDENCE FROM INDONESIAN MANUFACTURE

COMPANIES 2015-2018"

Declare that no work has been submitted to obtain a bachelor degree in other institutions. As far as my knowledge, there are no works or opinions that have been written or published by anyone else unless the written document has been referred to in this text and mentioned in the Bibliography. If in this thesis there are known works or opinions that have been written and published by others,

I am willing to cancel this paper.

DEDICATION

Praise be to Allah SWT, who has given me grace and health favours so that I am still given the ease and fluency in completing this thesis to get a bachelor's degree in economics. Do not forget to also say many thanks to:

- 1. The beloved family, a father, named Drs. Andi Mappiwali, a mother named Andi Aryani Bohang. The author would like to thanks as much as possible for all of the prayers support given in the form of material morals so the author can continue to be enthusiastic about completing this thesis.
- 2. Thanks also for the author's brother and sister (Andi Anniza Irtifa'ah, Andi Syafiul Musyafah, Andi Syahrani Nur Syahbani, Andi Syahratu Hayani) and the beloved aunts (Andi Khaidar, Nur Hikmah, Andi Bulan) that always keep giving encouragement, prayers, and attention while working on this thesis.
- 3. For the best partner M. Habib Septyawansyah and the author's closest friends, Aprilia Wahyuningsih, Rita Sudarwin, Tiara Rantika Sari, Cindi Melinda, Mega Rosadi, Sekar Ayuningtyas, all IMABS classmates who have together for four years, thanks for help and support to complete this thesis.
- 4. All parties who have provided support, assistance, and convenience in the process of completing this undergraduate thesis.

ACKNOWLEDGEMENTS

Praise be to Allah SWT for providing health favours, convenience, smoothness so that the writing of the thesis entitled "The Impact Of Dividend Policy On Firm Value Evidence From Indonesian Manufacture Companies 2015-2018" can be completed correctly and according to the predetermined time.

This thesis's preparation is one of the requirements for obtaining a Bachelor's degree at the Faculty of Economics and Business at the University of Muhammadiyah Yogyakarta. The author presents this topic hoping that it can be an input for the company in determining the dividend policy and can also be an input for potential investors in deciding their investment in the company according to the desired dividend policy, and can provide development ideas for future research. The completion of this thesis cannot be separated from the guidance and support from various parties. Therefore, on this occasion, the author would like to thank profusely to:

- Mr Rizal Yaya, S.E., M.Sc., PhD, Ak., CA., as Dean of the Faculty of Economics and Business, Universitas Muhammadiyah Yogyakarta, who has guided students of the Faculty of Economics and Business.
- Mr Dr Firman Pribadi, S.E., M.Si. is a supervisor who always provides free time, input, suggestions, support, and guidance during this thesis's completion.

3. All lecturers and employees of the Management Department, Faculty of Economics and Business, Universitas Muhammadiyah Yogyakarta, who guided this undergraduate thesis's arrangement.

The author realizes that there are still many weaknesses in this undergraduate thesis. Therefore, suggestions and constructive criticism from various parties are expected. Hopefully, this thesis can be helpful for readers and all parties, especially in the financial sector.
