This Undergraduate Thesis I dedicate to Allah SWT,
My beloved family, Mother "Ibu. Murtinah", Father "Bpk. Nangsip",
My Brothers" Deni Candra Wirawan and Langgeng Prayogi"

ACKNOWLEDGEMENT

Bismillahirrahmanirrahim

In the name of Allah, the most Merciful, the most Gracious. All praise is due to Allah; we praise Him, seek His help, and ask for His forgiveness. I am thankful to Allah, who supplied me with the courage, the guidance, and the love to complete this thesis. Also, Peace and salutation always to the Prophet Muhammad Peace Be Upon Him (PBUH) altogether with His accompanies. This undergraduate thesis entitled "MEASURING THE RESILIENCE OF ISLAMIC BANKING IN INDONESIA" has been made as partial fulfillment for the requirement to achieve the bachelor degree of economics. Therefore, I would like to thank all people who have contributed and special appreciation to the parties. In particularly they are:

1. My Mother and My Father, thank you for being patient and sincere in caring and educating me with affection until this moment. I hope with the completion of this undergraduate thesis can make both my parents proud.
2. My family, Trah Wiryosentono and Trah Karsowiyono have become a home that is always there when I need it.
3. Bp. Dimas Bagus Wiranatakusuma, Ph.D., Dr. Ayif Fathurrahman S.E., M.Si and Prof. Dr. Rosylin Mohd Yusof as supervisor who have been patiently guiding until the point of this undergraduate thesis is completed.
4. Dearest family of IPIEF 2017 who for almost four years become the best classmate.
5. For all lecturers and staff of IPIEF who have provided outstanding supplies and lessons and all parties who have provided support either directly or indirectly and encouragement to this undergraduate thesis can be resolved.

In closing, this undergraduate thesis there are still many errors and shortcomings, therefore it takes criticism and suggestions that build for better results again.
