

## **ABSTRACT**

*Hizbut Tahrir is one of Islamic movement in the World and extracts the history of Islam especially in political view. At the First time, they are recognized as political party. They prepared themselves to build a state: government, bill, requirements for the leader, domestic and foreign policy.*

*This paper will explore the foreign policy of caliphate system based on Hizbut Tahrir's perspective deeper. As a state, the caliphate system has goals to be achieved and rules to be followed. One of them, the state must be controller in international politics and spreading Islam with Jihad.*

*Moreover, this paper will make easier to see the idiom of Hizbut Tahrir on their foreign policy because these idioms will face the idiom of western international politics and Hizbut Tahrir's foreign policy will be clasified on the western idiom.*
