MOTTO

“For indeed, with hardship (will be) ease.

Indeed, with hardship (will be) ease.” – QS Al-Insyirah : 5-6

“You can’t skip chapters, that’s not how life works. You have to read every line, meet every character. You won’t enjoy all of it. Some chapters will make you cry for weeks. You will read things you don’t want to read, you will have moments when you don’t want the pages to end. But you have to keep going. Stories keep the world revolving. Live yours, don’t miss out.”

“you didn’t come this far to only come this far”

“One day you will look back and see that all along you were blooming..”
