I would like to thank my *skripsi* advisor Mrs. Eko Purwanti for her time, patience, support and guidance during the making of this *skripsi*. Without her help, it would not have been possible to finish this whole work. Also my *skripsi* examiner Mrs. Evi Puspitasari for the guidance during the revision.

This thesis is dedicated to my dear family, particularly my parents (Nurhasanah and Suwarno). Especially to my parents, my brother Afrizal and my sister Widya who have always supported and convinced me to be grateful and proud of myself throughout my life path to complete my undergraduate degree. Without their help and prayers, I would not have made it this far. I would not have been able to get to this point without their care and trust in me. I can't say much more because they play such a vital role in my life.

Especially I would like to thank to my boyfriend Romi Indrawan, for always supporting and giving me so many advices through up and down. I am so grateful to have you in my life. Next, special thanks to my house mates that also my second family in Yogyakarta "Goa Selarong" (Grace, Heti, Salma, Laras). Thank you for every single day that we have been through together and every big feast that we celebrate. You guys are always really amazing and wonderful.

I'd also like to express my gratitude to my friends, particularly class E, for their kind welcome into your lives. For all of the trials and tribulations that we have faced together, we want to discover a way to success that will benefit many people. Four years with you is a brief but extremely valuable time in my life. I adore you all.

Last but not least I'd like to express my gratitude to the people I've met here. Thank you for your desire to work together for the common good. I'd also like to express my gratitude to the instructors and staff of the Department of English Education, who have been extremely helpful in completing my thesis, and whose knowledge will undoubtedly be beneficial in the future. I also wish good health and prosperity to all the folks I can't name who have contributed significant expertise and remarkable knowledge.

Last but not least I would like to thank to myself for always being strong in every circumstances. You have done a great job and you are so amazing. You have been through so many difficulties in your life and you do not give up. Well done!! However, this is not the end. Remember that you still have a lot of things to do in the future, just enjoy the process and do it maximally.
