Acknowledgement

All praise belongs to Allah SWT who always gives blessings to researchers so that this research can be completed and completed successfully. In addition, I would like to thank my father and mother, who always provide prayers, love and support both mentally and financially, I thank them for their unconditional love. I dedicate this thesis to both of you. I also thank my extended family for their love, prayers and support. My best supervisor, Ika Wahyuni Lestari, S.Pd., M.Hum Thank you for your kindness, patience, guidance, and knowledge. Without his kindness, I could not have completed my research this year.

Also to all the lecturers who have contributed greatly during my studies at ELED UMY, I thank you for the knowledge that has been given to me. My greatest appreciation also goes to the many people who have always motivated me since my freshman year until I finished my final year. I am grateful for the 2017 E squad, my best friend at home and my best friend who became my family in Yogyakarta. Finally, I also thank everyone who has cared, supported and helped me through this campus life. May Allah SWT always bless you all.
