Acknowledgement

In the name of Allah SWT, the Gracious, the Merciful. I want to express my gratitude to Allah SWT for my opportunities and good health, which have enabled me to complete my undergraduate thesis.

My gratitude also belongs to my beloved family, my parents, Muhammad Kastalani and Juliati, my sister Devita Dwi Anistesia, my brother Fandy Pradana, and my niece Alesha Putri Pradana, who always give their strength, love, and always supported me to accomplish my undergraduate thesis. In addition to them, there is my family, which always stands by me, including my cousins, aunts, and uncles. I pray for the happiness of my family.

My dearest supervisor, Ms. Arifah Mardiningrum, S.Pd., M.A., Thank you for your guidance, patience, and kindness. Ms. Arifah also always encouraged me so that I did not get weak. She always gives her best in her work. She influences people always to be grateful and do things optimally. I hope Ms. Arifah is not overwhelmed by her work and can handle all her affairs. I also hope that research and anything written by Ms. Arifah can be helpful for many people.

Thank you to all of my lecturers from the English Language Education Department who have given their knowledge to me for four years. All of my English Language Education Department lecturers have imparted knowledge to me over four years. I was lucky to be majoring in English education because I could meet great

people like my lecturers. I hope all of their students will love and appreciate their hard work.

The participants, thank you for being a part of my undergraduate thesis. This research could not be more complete without your availability. I hope you have a good day and success in your studies.

I am also grateful to all my sisters from the English Language Education Department who pasts all the struggles on campus and on my count since 2018, especially Listya Ayu, Denta Noer, Ida Tirana, Intan Rahmi, Selma Damayanti, Handiani, Beby Sinta. People say it is hard to make friends in college, to make friends who are really friends, I mean. Some people also reminded me to be careful with friendships in college. Nevertheless, they are very kind and helped me greatly with my thesis and college. Behind the complexity of college, they are the ones who made it colorful. Apart from college, we also always share stories, they are like my family in Yogyakarta. I look forward to their success with their dreams, and I hope that I will be allowed to travel to the city where they live in the future.

My best friends from junior high school who have always been by my side in ups and downs since 2012, Annisa Tiara, Alya Zalfa, Nurbaiti, Arda Wijaya, Rendra, Zainal, Agung, and Ferizan. Thank you for always reminding me to do my thesis. So many moments we passed together, we have seen how we grew from our teenage, and they are still here with me. I am sure that we still will be friends until we are old. I hope they can develop into the best with their abilities and talents.

My thanks also belongs to Amalia Nur, Fadillah Khairunnisa, Nurlaily Putri, Gita Anggun, Rizki Kamisa, Miftah Errafi, Haekal Akbar, Adik Dewanto, Ananda Faisal, and Utari Dwiyani. They are some of my closest friends and feel like my own siblings. They are good people who always support and advise me. Thus it makes me feel yellow to be friends with them. They are individuals who are familiar with my character and are aware of my flaws, which occasionally irritates them. They are my best buddies, and I am grateful they are.

Last but not least, thank you to all family in MM Kine Klub, the organization of Universitas Muhammadiyah Yogyakarta, which helped me a lot when there was an important event that coincided with my thesis work. From MM Kine, I found many good friends, and we together made achievements. Thank you for the beautiful moments and the opportunity to enhance my experience for three years. The thing that I am proud of from this organization is the sincerity and persistence of the people in it. All of this has paid off with the good things we have gotten over these three years.

Best Regards,
