Bismillahirrohmanirrohim. First of all, I greet you in the name of Allah, the Most Merciful. I pray to Allah SWT for all of the occasion that have been bestowed upon me, so that I may successfully complete my thesis. I would like to dedicating this undergraduate thesis to my beloved parents, especially my lovely mother, Andriyati. She always prays and trust me to finishes my study. Also, my family who always motivate and support me until this moment.

My sincerely thanks to Dr. Suryanto as my supervisor. I appreciate and thank for his motivation, patience, inspiration, advise, time, and encouragement in helping me complete my thesis. This thesis will not have been feasible without your assistance.

My Sincere gratitude also goes to my amazing friends, and my second family, Kos Ibu Atun. Doni, Hardian, Wafiq, Satrio, Arga, Taufik, Ezzy who always accept and help me in every condition since the first year as the college students. Also, thanks to my workplace, Luang Waktu Kopi for all of understanding and time that given to me in order to finish my study.

My deepest gratitude to all the participants of my research. Your participation in this research is meaningfully for me, and I cannot finish this research without you. Lastly, thank you for myself for dedicated in completing this study. It is expected that it will be useful not only for the researcher, but also for the readers although this undergraduate thesis is far from perfect. Because of this, constructive criticism and thoughtful suggestions are appreciated.
