Thank you very very much to my father and mother, Suhari and Peni Ekawati who are always being strong figures in the family, who always provide support and advice, who always give the best for their children, and make me enthusiastic to fight here. Thank you also for believing, supporting, and loving your eldest daughter. Thank you to my younger sister, Alike Salsabilla, who was always there for me to share the stories that I couldn't show in front of our parents. Thanks to my four grandparents, you are the source of my motivation.

A special big thank you to Rafly Zaidan, who has become a very very good boyfriend, best friend, older brother, reminder, protector, and a very good listener. Thank you for listening to all the complaints and answering all the

questions that I cannot show to other people. Thank you for supporting and cheering me every time. Thank you for reminding me that myself is more important than others. My organizations, BEM and EDSA, it's a great journey that we spent together. Thank you for the 3 periods, my dearest BEM friends, even though I didn't contribute much but being part of this family gave me great experiences and lessons. For EDSA, which unfortunately I can only join for 1.5 periods, everything I get here is very useful, thank you so much. Being part of these 2 cool organizations is also one of the reasons I am who I am today. Thank you!

Last but not least, I also want to thank myself. Thank you for being so strong and patient.
