ACKNOWLEDGMENT

I begin by offering my highest praise and deepest gratitude to ALLAH SWT, for His infinite grace and guidance, without which this dissertation could not have been accomplished.

I am immensely grateful to the Rector of Universitas Muhammadiyah Yogyakarta, Prof. Dr. Ir. Gunawan Budiyanto, M.P., IPM., ASEAN.Eng, and the Vice-Rector, Prof. Dr. Achmad Nurmandi, M.Sc., for their generous scholarship that enabled my studies here.

My journey through the academic rigors of postgraduate studies has been made significantly smoother thanks to the expert guidance and oversight of Prof. Ir. Sri Atmaja P. Rosyidi. His role as Postgraduate Director has not only been a beacon of knowing leadership but also an inspiration for my scholarly endeavors.

My profound thanks to Prof. M. Suyanto, MM, my Promotor, whose invaluable guidance, steadfast support, and insightful critiques were pivotal throughout my research journey.

Special appreciation goes to my co-promoters: Dr. Indah Fatmawati, SE., M. Si, whose expertise profoundly shaped my research, and Dr. Nuryakin, SE., MM, whose crucial suggestions significantly enhanced my work.

I am profoundly thankful for the essential roles played by my examiners, Dr. Udin, MM, and Dr. Ika Nurul Qamari, S.E., M. Si. I extend special gratitude to Dr. Ika, the Head of the Program, whose thorough support and motivational guidance uplifted me during my moments of doubt. Her thoughtful inquiries not only fortified my dissertation but also challenged me to push the boundaries of my research. Her involvement was instrumental in shaping the final outcome of this endeavor

My gratitude extends to Prof. Dr. Bahtiar Mohamad for his external examination and fresh perspectives that enriched my research.

A heartfelt thank you to the administrative staff of the Doctor of Management Study Program at Universitas Muhammadiyah Yogyakarta for their relentless support and administrative assistance throughout my doctoral journey.

I cherish the camaraderie and collaborative spirit of my classmates Mrs. Saptaningsih, Mr. Beni, Mr. Murniady, and Mr. Yudi, and am grateful to my friend Adil Hassan Ibrahim for his significant assistance during data collection.

To my beloved partner, Ana Kumalasari, and my wonderful children, Hussam and Mishary, thank you for your unwavering support and boundless confidence, which were the pillars of strength during my most challenging times. Your endless love, patience, and encouragement have been my greatest source of motivation and comfort. I am profoundly grateful for each moment of understanding and sacrifice you have generously given, making this journey possible. I cherish you all more than words can express.

Most importantly, I extend my deepest gratitude to my beloved family: my mother, Khalia Hamad; my father, Gibreel Musa Salih; and my brothers and sisters. Your endless love, unwavering patience, and constant encouragement have been the bedrock of my aspirations and achievements. This journey, filled with its trials and triumphs, is as much yours as it is mine. I am eternally thankful for every sacrifice you have made and every moment of support you have provided, which have shaped me into the person I am today.

I recognize that despite the maximum effort invested in writing, preparing, and completing this dissertation, it is not without shortcomings, attributable to my limitations. Therefore, I humbly invite criticism and suggestions to refine this work further and advance educational progress. I hope this dissertation will enrich our collective legal knowledge and insight, serving current and future needs.

Thank you to everyone who has made an indelible impact on my academic and personal growth, for being an integral part of my scholarly voyage.
