## **Acknowledgement**

I would like to express my gratitude to Allah SWT who always protects and bestows me with his blessings, because without his blessings I would not be able to complete my obligations as a student. As a Muslim I feel grateful for everything that Allah SWT has destined for me. Moreover, I would like to express my gratitude to our prophet, Muhammad SAW, who always motivates me to become a better human being.

With respect and affection, I would like to thank my mother profusely, Mrs. Subaidah. I love you Ibu, even words cannot describe how I love you Ibu. I would like to thank my father Mr. Muhammad for his hard work, thank you for the love and the understanding you always give me. To my sisters and brother Joni Mahendra, Nova, Anisa, Misbah, Rendi, Diya and Rehan thank you for everything. To my nephews and nieces Alifa, and Kenizio, thank you for always making me happy.

To someone who is equally important, my fiancé, Moh. Lubsu Tuqo Romadhan, S.H., M.H., C.Me. Thank you for being part of my life journey. Contribute a lot in writing this Skripsi, both energy, time, and material. For being a home, a companion in everything that accompanies, supports and comforts in sadness, hears complaints, gives encouragement to never give up. May Allah always give blessings in everything we go through, I love you more.

I also would like to express my gratitude to my thesis supervisor, Mr. Andi Wirantaka, S.Pd., M.Hum., for being patient with me and also guiding me to complete my skripsi. Without him I would be lost and I believe I would lose my sanity without his guidance. Furthermore, I would like to thank all the PBI and UMY staff for their services.

My passion to finish this thesis would disappear if my beloved friends were not by my side. For Selfi Kustiana, my best friend who has always provided extraordinary motivation and enthusiasm since I was in high school until now. Thank you for being a good friend and even like a sister. And for Siti Farida Rahmadani, my best friend who accompanied me during the process of writing this final project. Thank you for being a growing partner in all conditions from the beginning of the semester to the processing of graduation files. And Alvia Silvi karima, thanks for the support by bringing “Pentol Bang Kribo” every night.

Titik Sofiana Dewi, yes! myself. Much appreciation for taking responsibility to finish what was started. Thanks for continuing to try and not giving up, and always enjoying every process that is arguably not easy. Thanks for persevering.
