Acknowledgement

Alhamdulillahirabbil'alamin, my deepest praise goes to Allah Subhanahu Wa ta'alla who always bestows His gifts and blessings on me. Thank God because without His permission I would not have been able to finish this *Skripsi* to the end. Allah always gives me what I pray for, my Allah makes it easy for me in every step I take. Allah was always with me until finally I was able to complete my *Skripsi* entitled, "EFL Teachers' Perception on the Use of Blended Learning in the Post- Pandemic Era" as the final requirement to get the bachelor's degree of Bachelor of Education.

I dedicate this *Skripsi* to myself who managed to fight until the end. After many tears I shed during my time at university, I was finally able to finish it. In doing this, I was helped by several great people that I know, especially my parents, because without their prayers and efforts, perhaps all my efforts would have been fruitless. I am also very grateful to my aunt, Wulan, because as long as I was tired of my *Skripsi*, she always tried to cheer me up, even if it was just to get something to eat outside the house. I am very grateful to have met a family who can accompany me well.

My gratitude to my supervisor, Mrs. Arifah Ardiningrum, S.Pd., M.A. for the advice, guidance and direction that given to me starting from the early stage of writing *Skripsi* until I finished the full version of this *Skripsi* and Mr. Roy Gendroyono, S.Pd., M.Pd. as my previous *Skripsi* advisor, I would like to express my deepest gratitude to him for guiding me

through the thesis proposal exam. I would like to say thank you to Mrs. Fitria Rahmawati, S.Pd., M.Hum, as my proposal examiner. Thank you for my first *Skripsi* examiner Mrs. Fitria Rahmawati, M.Hum who provided suggestions, advice and guidance to me in completing this *Skripsi*. I also thank to Mr. Andi Wirantaka, M.Hum as my second *Skripsi* examiner for the suggestions, advice and guidance that were given to me. Once again, I would like to say thank you to my entire lectures who have given me knowledge and experience during the learning process at English Language Education in one private university in Yogyakarta.

My dear friends Olis, Sukma, Eva and Fadia who always accompany me well. I want to thank them for distracting me from my bad thoughts when I felt tired of my *Skripsi*. I also thank my psychologist who always makes me rise from the fear of my *Skripsi* and life, maybe without her, I would not be able to continue my life well.

Last but not least, I want to thank myself for fighting until now. Woke up from feeling like I wanted to give up many times but in fact I able to survive until now. I want to thank myself for always trying to cheer myself up when other people make me feel broken, I thank myself because I try to live when people seem to make me despair. I just keep wanting to thank myself for continuing to love myself when no one else can. You're doing good things, Salsa.
