Acknowledgment

In the Name of Allah, the Most Gracious the Most Merciful. By saying Alhamdulillahirobbil “alamin, all praise to Allah SWT for all the extraordinary blessings in the form of health, strength, and easiness in completing this thesis. Peace and blessings are always given to the Prophet Muhammad SAW who continually teaches me to be a patient and strong person.

All the struggles I have gone through, the gratefulness and happiness I feel will be dedicated to the precious people in my life. I would like to declare my infinity thank you to my beloved mother and father, Yuni Rawati and Jemirin. Thank you for the support and love you have given to me; I cannot complete this thesis without you two. My younger brother and sister, Ahmad Hidayat and Sari Hafizah, who are always available in good times and bad. Thank you for being strong siblings and making me excited to finish this thesis. Once again, thank you with all of my heart. Also, my greatest supervisor, Ms. Sri Rejeki Murtiningsih, S.Pd., M.Ed., Ph.D. I cannot thank you enough for this incredible journey. You really taught me things that I could not learn in the classroom. Thank you for all the suggestions, guidance, kindness, and patience that you have given; it all means a lot to me. Then, Mr. Dr. Suryanto and Mr. Andi Wirantaka, S.Pd., M.Hum, as my examiners, thank you for the terrific suggestions.

Next, to my beloved friends who are always with me and supporting me. I have finished my thesis, finally. Dea, my craziest best friend who always cheers me up by sending memes and weird things, a movie-watching friend, and a cooking friend. Thank you for supporting me and listening to everything about my life. Let's keep doing crazy things together. Naura, as my another craziest best

friend, who always shares jokes to cheer me up. Thank you for supporting me to finish this thesis. Bowo, who always provides help when I need it. Thank you for being part of my life journey, entertaining, supporting, and listening to my complaints. Thank you for inviting me to a place I have never visited. Let's realize our wish list together. Ghina, as my crazy friend who always helps and convinces me that I can finish this thesis. Thank you for being crazy all the time and laughing with me for something that is not funny. Next Firda as my friend who always listens to my complaints, who is always mature and who reminds me to be calm in handling all conditions. Anggun, as my friend who always wants to go home. Thank you for supporting me and taking me to a vacation place to calm my mind. Also, Nurul as my very humble friend, thank you for supporting me to complete this thesis and inviting me to culinary.

And finally, to myself, Suci Nurnadivah. Thank you for sticking it out this far. Thank you for choosing to try and celebrate yourself. Thank you for deciding not to give up, no matter how difficult the process of preparing this thesis is. Thank you for being a strong woman in facing all the complexities in this life. Be happy and love yourself wherever you are, Suci.
